PLANS TO PURCHASE ASYLUM SITE FAIL

Trinity Hall Project
Blocked by the Coun-
ty Poor Board

PETITION WITHDRAWN

Situation in County and
Duties of Grand Jury Set
Forth by Court

The present grand jury will have nothing to say on the proposition submitted to it by the county poor board and board of county commissioners for the purchase of the Trinity hall grounds for use as an insane asylum and poor home. Thursday afternoon shortly after the grand jury had begun to hear testimony on the merits of the case, James P. Eagleson, attorney for the poor board withdrew from the jury the original petition. Judge McIlvaine called the jury before him and dismissed it from further action on the petition.

Thursday morning the grand jury inspected the Trinity hall site in Washington and the McNary property near Arden, which had been approved for purchase by a grand jury two years ago, and set 1 o'clock as the time to hear those interested. Hundreds of people were about the court house. Much interest was shown in the matter.

The attorney for the commissioners I. W. Baum was the first called before the grand jury. He presented the petition. H. R. Campbell was called in after Mr. Baum. He explained figures showing the financial condition of the county and the number of insane who were being cared for in the county in other institutions.

James P. Eagleson was admitted to the jury room and asked that he and the other attorneys be admitted to the jury room, but was informed that he would be called when he was wanted. He had a conference with the members of the poor board and they requested him to go before the court and inform the judge that they had withdrawn the petition, which they had entered into with the commissioners. Judge McIlvaine stated that the necessity for the care of the poor and the insane of the county was entirely in the hands of the poor board.

County Controller T. J. Underwood is of the opinion that the county should build an insane asylum on the country's property near the present poor farm as there is sufficient ground and an available site for this purpose. Judge McIlvaine in charging the jury read the act of assembly empowering the county commissioners to purchase ground to be used for the poor. He told of the petition that had been presented to the court last Monday. He told of the proceeding necessary to commit a person to the county home. He showed how an insane person was taken care of years ago, and of the steps taken until the modern method of taking care of the insane was reached. Judge McIlvaine spoke of the condition at Dixmont where there is room for 600 patients and 900 are crowded into these quarters.

Judge McIlvaine stated that the situation in Washington county had reached the stage where something

Fire Truck for the Lock

North Charleroi Department
Preparing for Purchase of
New Shipments

As a means of raising funds for the purchase of equipment an oyster supper was given by the North Charleroi volunteer fire department at the library hall at North Charleroi, Thursday evening. There were about 250 persons fed during the evening.

It is the intention of the North Charleroi department to acquire a motor fire truck. To begin with it will not be as elaborate as Charleroi's new truck, but it will be equipped by the fire department as they are able. They have now about \$800 on hand, and the borough council has agreed to pay half the cost.

SCARLET FEVER IS REPORTED

Epidemic Claimed to
Exist in North Char-
leroi Borough

ONE DEATH OCCURS

During the last two months there have been about 20 or 25 cases of scarlet fever in North Charleroi. The first death from the disease occurred Wednesday afternoon when Bernard Weight, aged 2 years and 3 months, son of Mr. and Mrs. A. J. Weight, died at 1:50 o'clock. The funeral was held Thursday afternoon at 2:30 o'clock. Interment was in the Donora cemetery.

It is believed now that there are only about five cases in North Charleroi. Three children in the Weight home still have the disease but they are said to be much improved. A family near has two cases. One a girl 13 years of age is said to be in a serious condition.

It is stated that the disease was spread by a family who had it in a light from and did not call a physician. They were not quarantined but went about while they were infected with the disease. It is now believed that the disease is about blotted out.

must be done. He concluded his charge with the remarks that it was now up to the grand jury. The grand jury was however prevented from acting on the matter by the withdrawal of the petition.

GETS CHURCH CALL TO PHILADELPHIA

Rev. J. T. Hackett, Former Pastor of First Pres-
byterian Church Will Leave for East to
Take up New Work

Rev. John T. Hackett, former pastor of the First Presbyterian church, has accepted a call to the pastorate of the Wissahickon Presbyterian church in Philadelphia and will leave within a few days to take up his work there. His first sermon as pastor of the church will be preached on November 22.

The church to which Rev. Hackett has been called is one of the important denominations in a busy section of Philadelphia. It is within 35 minutes ride from Broad Street station. The church has been without a pastor for six months. Rev. Hackett preached there in August, but this was during vacation time and many of the members were absent. He was extended an invitation to again preach there in October which he did. Rev. Hackett is called to the church from among a number of applicants and the call is unanimous. The church is without a pastor.

FOOTBALL LADS MAKING GOOD DAY IN COURT

Tom Mangan and John Hu-
gus Playing Star Game
With Bellefonte Academy

COLLEGES ON WATCH

Two Charleroi football men will be seen in action at Pittsburg Saturday November 21, with the Bellefonte Academy team, which on that date plays Duquesne University. This will be Tom Mangan, the star half-back with the Academy team and John Hugus, last year a Charleroi high school football player. Mangan played with Bellefonte last year but this is Hugus' first year.

Both the Charleroi men are making good with the Center county school eleven. Mangan is doing so well that he is being watched by big colleges, and it should not be surprising to see him playing varsity football next fall with Pitt, W. & J. or Penn State.

Bellefonte has had a hard schedule this year, and has lost but one game, that to Indiana State Normal at Indiana. Most of the scores have been large and the biggest of all was that of 51 to 0 over the Bloomsburg State Normal. Alex. Chalfant of Brownsville who is well known here is a member of the team and playing a star game.

NORTH CHARLEROI FIREMEN GRATEFUL TO ITS HELPERS

The North Charleroi fire department has expressed itself as being grateful to women of North Charleroi and others who aided in an oyster supper that was held as a benefit Thursday evening. The fund being raised is for the purpose of procuring better equipment.

WOMAN GETS PAROLE

More progress was made in criminal court Thursday than during any day this week. A dozen cases were disposed of. On account of pleas of guilty and continuances in other cases the list up to Thursday evening was cleared up. There are 110 cases set for trial this term, the largest number ever at one term in the history of the county.

Mike Rebis, charged with the theft of a pay ship and 25 cents from the coat of a fellow miner at Marianna, entered a plea of guilty. He was sentenced to pay the costs, a fine of \$1, and to undergo imprisonment in the county jail for 60 days.

Sals of Bentleyville, charged with violating the liquor laws, was acquitted and the costs put on the county. George Veransk of Donora, a merchant entered a plea of guilty Thursday to violating the liquor laws. He had sold bitter wine not knowing that it was an intoxicant. He was sentenced to pay the costs and was paroled on condition that he handle no more such intoxicants.

Mrs. Jack Lyle of California, charged with keeping a disorderly house was sentenced to pay the costs, a fine of \$1 and be imprisoned in the county jail 60 days. If she can pay the costs she will be paroled on condition that she remain away from California. Her daughter stated that she thought that her mother was being wronged.

High School to Have Worthy
Contender Saturday for
Football Honors

The Charleroi high school football team will have the strong West Newton high school team Saturday afternoon as their opponent on the local field. The game which gives every promise of being a hotly contested struggle will begin at 3 o'clock.

Coch Grumm will probably send his strongest lineup in against the West Newton eleven. He will use some of his best players, if for no other reason than to practice up on them. The biggest game of the season that with Monongahela high school on Thanksgiving is not far away and from this time forth the team will be drilled in preparation.

MILKMEN SEEKING JUSTICE

Their Idea is to Have
Prices "Just Right" and
Tests to Suit Them

ATTORNEY IS EMPLOYED

Dairymen who are members of the Tri-State Dairymen's Association expect to see to it that they get what is coming to them in the way of price fixing and expect to get what they term justice in milk testing. This fact was pronounced this week when a meeting of the association was held in Pittsburg. The meeting was largely attended by dairymen from this county.

Two Washington county men have been appointed to confer with the Allegheny county representatives on the matter of the price of milk.

Attorney A. Leo Weil of Pittsburg has been retained to defend members of the association, where fines are imposed for milk being below standard. It is the opinion of the shippers gathered at the meeting that they should not pay fines on any milk shipments, the average butter fat test of which was three per cent or better. An effort will be made to enlist as members all shippers throughout Washington county.

ST. PAUL FIRST STOP

Party Will Inspect Canals at
Various Points—Will go
to Keokuk

Members of the Lake Erie and Ohio River Ship Canal commission will leave this evening from Pittsburg, for St. Paul, Minn., and other western points on a trip of inspection to western canals. Ex-Mayor William A. Magee of Pittsburg, who is the chairman of the commission, will head the party which will include among other members, Tom P. Sloan of Charleroi.

Canal work now going on near St. Paul will be observed, and matters pertaining to the question of water power gone over. From St. Paul the party will travel to Keokuk, Iowa and an inspection trip of the Chicago Drainage canal will then be made.

The commission will be absent one week, according to present plans. It will be the second trip of importance. The first trip was made by the commission into New York state where the Erie canal and others were inspected. At this time the commission attended the formal opening of the Cape Cod canal.

Data and statistics of canal building and the cost of various canals is being gathered by the commission, which is making an exhaustive study of canals.

SURPRISE PARTY FOR MRS. BERTRAM

Mrs. Louis Bertram was tendered a surprise party on the occasion of her birthday by about 50 of her friends. They gathered at her home at 296 Falkfield avenue, while she was absent making a call Monday evening. Upon her return she broke in upon the assembled group and merriment followed. Cards, dancing and music were diversions. Mrs. Bertram was presented with many beautiful gifts, among which was a diamond La Vallier given her by members of her family. The members of the relief and social committee of the Charleroi Circle, No. 303, P. H. C. of which Mrs. Bertram is a member presented her with a gold bar pin and glass chain. Mrs. Maude Crockard.

THE DAILY NEWSPAPER
The Editor and Publisher present
an editorial recently dealing with
the importance of "beating the paper."
It follows:

During the last two months we
have had brought home to us in a
most forceful way the greatness of
the daily newspaper. Writers of na-
tional reputation have been pressed
into service to "cover the war" for lo-
cal newspapers.

Within twelve hours of the time
that certain foreign countries caught
the habit of declaring war against
each other the fighting strength of
each and every nation involved was
made known, maps of the extensive
territory representing the seat of war
were published, the text of treaties
that existed between the warring na-
tions was published, every conceivable
bit of information bearing on the
question of why this great conflict of
world powers came at this time was
published—lists of your friends and
mine who happened to be in foreign
lands and interviews with foreigners
who happened to be in our country
were published.

All this, mind you, published in the
newspapers in addition to the regular
features that make each particular
newspaper the chosen and valued one
in every home that it enters.

We are all familiar with the story
of the man who, while claiming that
"it can't be done," was pushed aside
by someone doing it.

This suggests that advertisers who
say that the public is not reading ad-
vertising on account of the prominence
given to war are going to be forgot-
ten by that same public who are busy
reading the advertising of "the other
fellow," who is not panic stricken and
who continues his campaign without
hitch or let-up.

The usual run of telegraph dis-
patches, editorial comment other than
war topics, society news, women's
clubs, short stories, humor, local,
suburban, financial and sporting news
—all claim their share of attention,
and advertising is published right
on the same pages that contain these
items of everyday interest.

The advertiser who is timid about
using space in daily newspapers now
would penalize the medium for being
enterprising, for having the human
interest appeal that "copy" experts
say is so necessary to get and hold at-
tention.

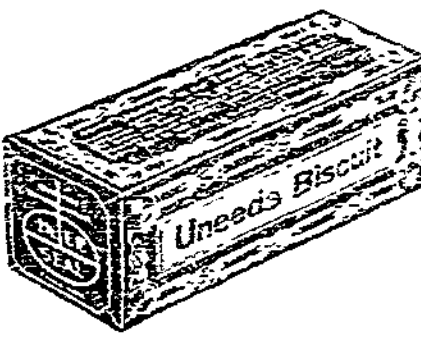

OUR VALUABLE HARVEST

The farmers and planters of the
country are blessed this year with
the double advantage of large crops
and high prices. Usually a very abun-
dant harvest brings correspondingly
low prices, but the unusual demand
for food and the decreased European
supply caused by the war brought
about conditions most favorable to
our own producers, remarks the Phi-
adelphia Press. Every month's crop
report has shown steady increase in
the prospective or harvested crops.
The November report confirms and
strengthens the previous estimate of
quantities and gives their value at
more than five billion dollars, which is
greater than was ever produced be-
fore in this country etc. with the
low quotation placed on the large
cotton crop of the south.

The exemption of cotton from the
list of contraband and the certainty
that it will be in great demand as soon
as the present supply of cotton cloth
is exhausted are guarantees that the
price of cotton already improved will
surely recover. The United States as
to her agricultural productions is in a
most fortunate situation. Even the
fatuity of Turkey in becoming a party
to the war cuts off a source of grain
supply from the belligerents which
will strengthen the demand for American grain. Russia and Rumania

PICKED UP IN PASSING

The following choice bit of poetry
has been handed in for the "Picked up
in Passing" column, it being the pro-
duction of Roy K. Moulton, a well
known spa writer.

Her All

They took the peasant from his plow
And marched him off to battle;
They took the ray from out his bow
And commandeered his cattle.

His frightened wife took to her bed
Of life she had no knowing;
She only had her stupid man,
And now that man was going.

She knew no books, she knew no art,
Of culture not a token;
She only had a beating heart,
And now that heart was broken.

"Jimmy," said the gentle old lady
sadly to the young imp who lay with
a broken leg in the hospital. "The
nurses tell me that you have been a
very naughty boy."

"Yus, missus," acknowledged Jim-
my, his sunburnt face and couched
he ad half-hidden in the pillow.

"But why?" came the gentle query.

"Can't 'elp it missus," shamefaced-
ly whispered Jim.

"Now, look here," said the old lady,
as she rose. "I shall be at the hos-
pital again next week, and I want you
to promise me to be a good boy till

then, and if so you shall have a whole
dollar."

Jim fervently promised, but, alas!
all his old mischief reasserted itself,
and he was sadly in disgrace when
the old lady again visited the ward.

"Well, little man," she said kindly,
"I'm not going to ask the nurses if
you have seen a whole dollar. Tell me
yourself. Now, do you promise that
dollar I promised you?"

Staring Jim stared at the brown
eyes to his face, and then lowered
them again. "Gimme a penny!" he
said in a low voice.

BENTLEYVILLE AND BEALLSVILLE HAVE HOT FOOTBALL GAME

Bentleyville, 19—Beallsville 7, was
the result of one of the most interest-
ing football games of the season, on
the Bentleyville grounds Tuesday
evening. The Bentleyville All-Stars
contested with the Beallsville Jun-
iors and it was an interesting game
from start until finish. Both sides
seemed to lack a thorough knowledge
of the game, and inefficient plays
showed a lack of thorough football
knowledge which distinguishes the
major and minor teams.

Beallsville did not make much of a
showing at the start but toward the
close when defeat seemed so im-
minent the eleven got right "down to busi-
ness," but Bentleyville was ready also,
and an overwhelming defeat was the
result.

Extra Attraction MONDAY and TUESDAY

We have arranged with the COYLE THEATRE to display on MONDAY and TUESDAY, Nov. 16 and 17, the Great Industrial Film showing the manufacture of HOLEPROOF HOSIERY, seven hundred feet of film showing in detail the workings of the world's original and guaranteed hosiery plant.

This film is used in the Industrial Department of several of our largest Universities and is highly recommended by them.

This will be an added feature at the COYLE, the regular program being put on in full with this feature as an extra, at the usual admission price.

WE BELIEVE IN *Holeproof Hosiery* and we want our friends to see how they are made. 'Tis your chance to see one of the world's greatest Industrial Films at our expense. The date MONDAY and TUESDAY.

WAR NOTES

London, Nov. 13.—A critical stage in the battle in West Flanders has been reached and the next few days if not hours should produce something more decisive than has yet occurred. The Germans have made no material advance except the capture of Dixmude and some little progress around Ypres. The French say that all attacks have been repulsed. The Germans are using the pick of their army. Some of the Prussian guards are with the German army. Both sides express satisfaction. Berlin says that they have been able to repulse all the attacks of the allies and that they have made progress. The Germans continue to destroy bridges and railways in Belgium. The Germans are preparing their winter quarters in Belgium. The Russian army under General Rennenkampf, is fighting its way into east Prussia and has taken Johanisburg.

Stockholm, Nov. 13.—The captain of the steamer Norden, states that he was warned by a German torpedo boat to steer a wide course from the vicinity of Gjedser lighthouse, on the southern end of the island of Laaland in the Baltic, as a battle between Russian and German torpedo boats was in progress. Sounds of heavy firing were heard.

Valparaiso, Nov. 13.—A Japanese squadron seen off the Easter island in the Pacific a few days ago consisted of eight vessels. The battle ship Konge was the flagship.

Amsterdam, Nov. 13.—It was necessary for the German Emperor to visit Thiel, Belgium, recently to restore harmony. 160 German officers refusing to go to the front on the grounds that they had been misled.

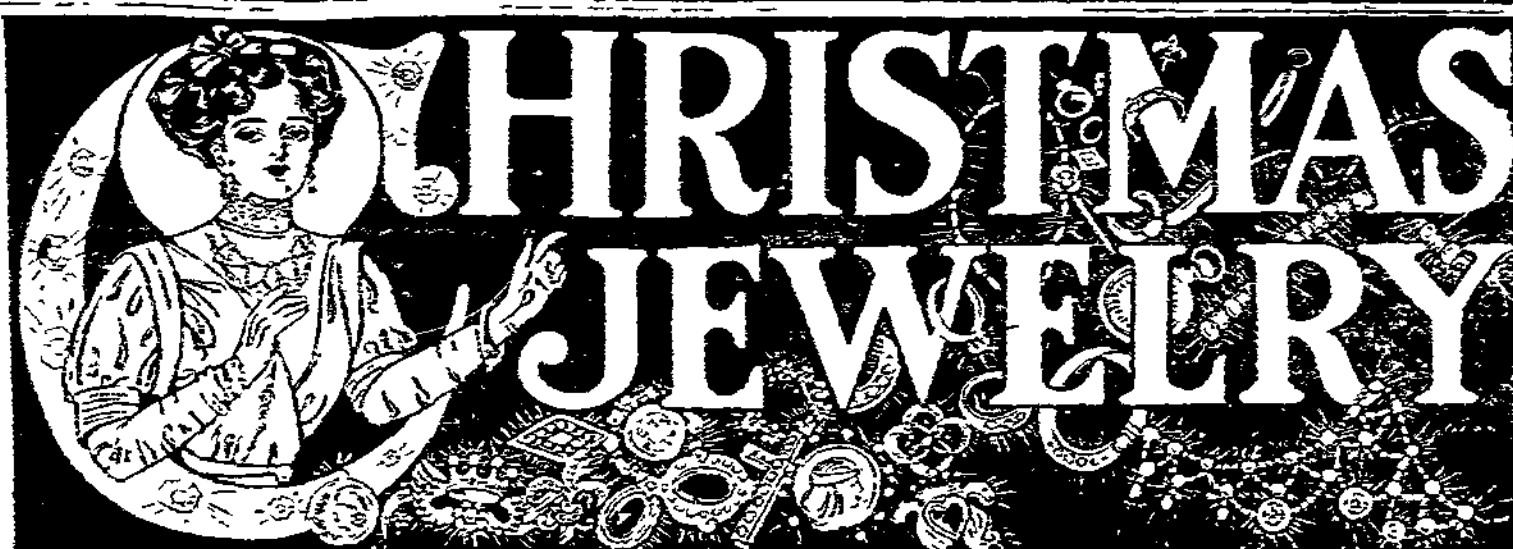

Cetinje, Nov. 13.—A great battle is in progress on the Grahovo front, along the western border of Montenegro. The Montenegro troops were attacked by superior forces, but are holding their own. They have repulsed the Austrians at several points inflicting severe losses.

Washington, D. C., Nov. 13.—The cruiser North Carolina, concerning which wild rumors have been circulated recently, has been reported to be safe at Beirut. She has not moved since Nov. 2.
